It should be noted that Quantum Mutual Fund has not charged Entry Load for any of its schemes since inception. We were one of the first mutual funds in India to launch schemes with no entry load, much prior to SEBI discontinuing the same.

The below exit load will be applicable on all prospective investments made on or after March 1, 2019 and the existing unit held in the scheme as on February 28, 2019.

Provisions	% of Exit Load
10% of units if redeemed or switched out on or before 365 days from the date of allotment	NIL
Remaining 90% of units if redeemed or switched out on or before 365 days from the date allotment	1
If redeemed or switched out of units after 365 days from the date of allotment	NIL

Note: Redemptions / Switch outs of units will be done on First In First Out (FIFO) basis. The above mentioned Exit Load shall be equally applicable to the special products such as Systematic Withdrawal Plan (SWP)/ Systematic Transfer Plan (STP) and Switches etc. However, there is no load shall be charged for switching in between option / plan within the scheme.

The scheme is intended for investors with a long term investment horizon. The exit load is imposed to discourage investors who may buy and sell frequently which will adversely impact the returns of the other investors. Investors who have stayed invested for at least 1 year will not be charged any exit load.
